Subject: **Measure K** Oversight Committee's Annual Report for Fiscal Year 2016-17

RECOMMENDATION:

Accept the San Mateo County **Measure K** Oversight Committee's Annual Report for Fiscal Year 2016-17.

BACKGROUND:

Measure A is the ten-year half-cent general sales tax approved by San Mateo County voters in November 2012. On November 8, 2016 the voters of San Mateo County approved **Measure K**, which extends Measure A for 20 years. The Measure requires the appointment of "a committee to perform an annual audit of the general fund revenues generated by [the] Retail Transactions (Sales) and Use Tax." The Committee is bound by a set of Bylaws and Rules of Procedure ("Bylaws"), which set forth the operating procedures and duties of the **Measure K** Oversight Committee. One of the requirements laid out in the Bylaws is for the Committee to present an annual report to the Board of Supervisors with the Committee's review of (1) the annual audit of Measure K receipts, (2) results of the Agreed-Upon Procedures (AUP) on Measure K spending, and (3) performance report for existing **Measure K** initiatives.

DISCUSSION:

The **Measure K** Oversight Committee met in November and February to complete its review of the results of the annual audit and AUP performed by the Controller's Office, and the annual performance report prepared by the County Manager's Office for the fiscal year ending June 30, 2017. Following the approval of the audit and AUP, an ad hoc committee was formed to recommend revisions to performance measures for existing programs and initiatives. The annual audit, AUP, and Performance Report for FY 2016-17 **Measure K** initiatives and programs are included in this annual report.

Summary of Controller's Audit of Receipts and Review of Spending

The annual report contains the results of the Controller's audit of Measure K receipts, and results of the agreed-upon procedures on Measure K spending for the period covering July 1, 2016 to June 30, 2017. Measure K receipts in the amount \$83,033,888.40 were received, a 3.9% increase from the previous year. Measure K expenditures were \$58,199,714 in the categories of public safety, health and mental health, youth and education, housing and homelessness, parks and environment, older adults, veterans and community services, and district-specific spending.

There were no exceptions noted in the audit and agreed-upon procedures. It is recommended that the Committee accept the Controller's Report.

Summary of County Manager's Performance Report

There are 314 performance measures monitored for Measure K initiatives in progress through June 30, 2017. Based on data reported by County departments:

- 58% of performance measures are meeting targets for FY2016-17
- 18% are not meeting targets
- 24% are still in progress or do not have targets in place yet
- 27% of initiatives have been completed
- 73% are currently in progress

Recommendations from the Performance Measures Ad Hoc Committee have been incorporated in this annual report or will be included in future reports. They include adding information on the financial performance of Measure K overall and of specific initiatives funded by Measure K, including budget variances and explanation of significant variances, multi-year funding commitments and related carryovers, and reserve balances to meet minimum requirements and available for future priorities.

FISCAL IMPACT:

There is no fiscal impact in accepting this report.

Honorable Board of Supervisors,

On behalf of the Measure K (formerly Measure A) Oversight Committee, I present the Annual Report of the Committee for the Fiscal Year 2016-17 funding cycle. The report describes the activities of the Committee during this past year and constitutes the Committee's report on the Measure K Sales and Use Tax revenues for the period of July 1, 2016 through June 30, 2017. In addition, the report incorporates the Committee's recommendations regarding the performance measures used to evaluate the initiatives and programs funded by Measure K revenues.

Sincerely,

SAM HUTKINS

EXECUTIVE SUMMARY

Overview of Measure K Oversight Committee Activities

Measure A is the ten-year half-cent general sales tax approved by San Mateo County voters in November 2012. On November 8, 2016 the voters of San Mateo County approved **Measure K**, which extends Measure A for 20 years. The Measure requires the appointment of “a committee to perform an annual audit of the general fund revenues generated by [the] Retail Transactions (Sales) and Use Tax.” The Committee is bound by a set of Bylaws and Rules of Procedure (“Bylaws”), which set forth the operating procedures and duties of the **Measure K** Oversight Committee.

The Oversight Committee is comprised of ten Board-appointed community members, two from each supervisorial district. One of the requirements laid out in the Bylaws is for the Committee to present an annual report to the Board of Supervisors with the Committee’s review of (1) the annual audit of Measure K receipts, (2) results of the Agreed-Upon Procedures (AUP) on Measure K spending, and (3) performance report for existing **Measure K** initiatives.

The **Measure K** Oversight Committee met in November and February to complete its review of the results of the annual audit and AUP performed by the Controller’s Office, and the annual performance report prepared by the County Manager’s Office for the fiscal year ending June 30, 2017. Following the approval of the audit and AUP, an ad hoc committee was formed to recommend revisions to performance measures for existing programs and initiatives. The annual audit, AUP, and Performance Report for FY 2016-17 **Measure K** initiatives and programs are included in this annual report, along with information requested by the Committee and recommendations on performance measures from the ad hoc committee.

Summary of Controller’s Audit of Receipts and Review of Spending

The annual report contains the results of the Controller’s audit of Measure K receipts, and results of the agreed-upon procedures on Measure K spending for the period covering July 1, 2016 to June 30, 2017. Measure K receipts in the amount \$83,033,888.40 were received, a 3.9% increase from the previous year. Measure K expenditures were \$58,199,714 in the categories of public safety, health and mental health, youth and education, housing and homelessness, parks and environment, older adults, veterans and community services, and district-specific spending.

There were no exceptions noted in the audit and agreed-upon procedures. It is recommended that the Committee accept the Controller's Report.

Summary of County Manager's Performance Report

Article I, section 1-3 of the Oversight Committee Bylaws states that the Committee shall "develop recommendations for the County Manager's consideration regarding appropriate metrics by which the County can assess the impact of Measure A funds on programs and services funded in whole or in part by Measure A proceeds".

There are 314 performance measures monitored for Measure K initiatives in progress through June 30, 2017. Based on data reported by County departments:

- 58% of performance measures are meeting targets for FY2016-17
- 18% are not meeting targets
- 24% are still in progress or do not have targets in place yet
- 27% of initiatives have been completed
- 73% are currently in progress

In accordance with the Bylaws, the Oversight Committee formed the Performance Measures Ad Hoc Committee to provide recommendations and ask questions about the performance of existing Measure K programs and initiatives that were presented in the Fiscal Year 2016-17 Performance Report.

The ad hoc committee met twice in January, and recommendations have been incorporated in this annual report or will be included in future reports. They include adding information on the financial performance of Measure K overall and of specific initiatives funded by Measure K, including budget variances and explanation of significant variances, multi-year funding commitments and related carryovers, and reserve balances to meet minimum requirements and available for future priorities.

SCHEDULE A - Summary of Measure K Expenditures.....	4

Introduction

On November 6, 2012, the voters of San Mateo County (County) passed by majority vote Measure A, *The County of San Mateo Sales and Use Tax Ordinance* (Ordinance). Measure A levies a half-cent tax, for a period of 10 years, on the gross receipts of any retailer selling tangible personal property in the incorporated and unincorporated territory of the County. The proceeds are to be used to support general fund services and facilities which include, among others, abuse prevention programs, healthcare services, County parks, fire protection and other safety services, and educational programs and services. Measure A will sunset on March 31, 2023.

The Board approved putting a 20-year extension of the half-cent sales tax on the November 8, 2016 ballot (Measure K). Measure K received the majority vote needed to pass. Following certification of the election results on December 5, 2016, the Measure A initiative and all future references thereto were changed from Measure A to Measure K. Measure K will sunset on March 31, 2043.

In open meetings the County's Board of Supervisors (Board) identified programs and services that can benefit from Measure K Funds. The Board also designated a Measure K Oversight Committee (Committee) as required by the Ordinance to ensure the completion of an annual audit of the Measure K Sales and Use Tax revenues. The County Controller's Office Internal Audit Division (Audit Division) performed an audit as required by the Ordinance. Section I of this report fulfills this requirement. In addition, the Committee by-laws ensure the performance of additional agreed-upon procedures by the Controller's Office related to Measure K expenditures. Section II of this report fulfills this requirement.

This report is divided into two sections as follows:

Section I: Audit of Measure K Revenues Received By the County of San Mateo for the Period July 1, 2016 to June 30, 2017. Revenues received by the County totaled \$83,033,888.

Section II: Agreed Upon Procedures Performed On Measure K Expenditures for the Period July 1, 2016 to June 30, 2017. Expenditures incurred by the County totaled \$58,199,714.

This report covers the period July 1, 2016 to June 30, 2017. All procedures were performed in accordance with the *International Standards for the Professional Practice of Internal Auditing* established by the Institute of Internal Auditors. This report is intended solely for the information and use by the Committee, the Board, and County management. This report should not be used by anyone other than these specified parties. However, as the County is a government entity, this report is subject to public inspection.

SECTION I – Audit of Measure K Revenues Received By the County of San Mateo for the Period July 1, 2016 to June 30, 2017

The Controller's Audit Division reviewed State Remittance Advice Forms, the County's financial accounting system records, and the Comprehensive Annual Financial Report (CAFR) audited by the independent certified public accountants to determine if Measure K sales and use tax revenues received have been recorded in a separate fund in a timely and accurate manner.

Results

No exceptions noted. The Measure K Fund (Fund) was established in the County's financial accounting system. All Measure K monies transmitted by the State from July 1, 2016 to June 30, 2017 were deposited into the Fund. This Fund was not used for any other purpose. We also reviewed the County's CAFR audited by the independent certified public accountants and found there were no issues reported that relate to the financial activities of Measure K funds.

SECTION II – Agreed Upon Procedures Performed On Measure K Expenditures for the Period July 1, 2016 to June 30, 2017

1. Reviewed Board Resolutions to determine if the amounts to be funded for each initiative by Measure K proceeds have been approved by the Board through the County's budget process.

Results

No exceptions noted. The Board approved each Measure K initiative and funding amount by resolution. Schedule A lists all Board approved initiatives and budgeted amounts.

2. Reviewed internal invoices representing departmental reimbursement requests and payment records to determine if the distributions made from the Measure K Fund to agencies governed by the Board were made after receipt of an invoice.

Results

No exceptions noted. All tested distributions from the Measure K Fund were made after receiving invoices. Amongst the 156 Measure K initiatives, 152 were administered by agencies governed by the Board. Schedule A lists the initiatives and related expenditures that were reimbursed by Measure K monies in fiscal years 2013-14, 2014-15, 2015-16 and 2016-17.

3. Reviewed invoices received from agencies governed by the Board to determine if Measure K monies were used for purposes of the initiative approved by the Board, as evidenced by Department Head and County Manager or their designee's signature.

Results

No exceptions noted. All tested expenditures on the invoices received from agencies governed by the Board are for purposes of the initiative approved by the Board and were approved by the Department Head and County Manager or their designees.

4. Reviewed invoices to determine if the amounts spent were categorized by type of expenditure and then reviewed the County's financial accounting system records to determine if the expenditures and Measure K reimbursements were properly recorded.

Results

No exceptions noted. All tested invoices categorized the amounts spent by type of expenditure and were properly recorded in the County's financial accounting system.

5. Reviewed Board Resolutions and accounting records to determine if distributions of Measure K Funds to agencies governed by the Board did not exceed the Board approved budgeted amounts for each initiative during the fiscal year.

Results

No exceptions noted. All of the distributions of Measure K Funds to agencies governed by the Board did not exceed the Board approved budgeted amounts for each initiative in fiscal year 2016-17.

6. Reviewed invoices, accounting records, and Board Resolutions to determine if distributions made from the Measure K Fund to entities that are not governed by the Board, agree to invoices received from those entities, and have not exceeded the amount legally authorized by the Board.

Results

No exceptions noted. All distributions from the Measure K Fund equaled the invoice amounts submitted, and did not exceed the amount legally authorized by the Board. The four Measure K initiatives that were administered by entities not governed by the Board are included in Schedule A.

EXECUTIVE SUMMARY

This performance report contains performance data for the programs and initiatives funded in whole or in part with Measure K funds from July 1, 2016, to June 30, 2017. It is the fourth full year of the implementation of the sales tax.

The Board of Supervisors on Feb. 26, 2013, set initial spending priorities, including: ensuring access to health care; safeguarding paratransit; boosting early intervention and prevention services for youth; maintaining and improving parks; building up services for veterans; replacing the outdated Emergency Operations Center; and other critical needs and services.

These priorities were further refined by the Board in February 2015 to focus on: ending homelessness and increasing availability of affordable housing; supporting foster youth; protecting older adults; promoting environmental sustainability and climate resilience; implementing targeted interventions in communities with lower high school graduation and higher truancy rates compared to the County overall; and other acute needs.

Based on performance data reported, 27% of Measure K initiatives have been completed and 73% are currently in progress. Approximately 58% of measures are meeting performance goals for FY 2016-17, while 18% are not meeting targets. The remaining 24% are still in progress or do not have targets in place. The number of initiatives included in this report total 314. More detail on performance measures for each initiative is provided throughout this report.

The allocation of Measure K follows the County's two-year budget cycle, with the latest cycle beginning in FY 2015-16. Throughout FY 2016-17, departments continued to collect performance data for programs and initiatives to track and report progress. There were varying levels of progress made and data provided by each program or initiative, based on their start-up time and ongoing refinement of performance measures.

This report includes the performance of major initiatives in each of the seven categories. In addition, it includes tables listing all FY 2016-17 performance measures with narratives providing further information on targets that were not met. A table listing performance measures for initiatives funded at the recommendation of Board Members is also provided.

Performance Measure Targets

Measure K Spending (Dollar Value in Millions, Percent)

SUMMARY OF SEVEN CATEGORIES

1: Public Safety

With a dedication to increasing the quality of life and engagement within San Mateo County in the area of Public Safety, Measure K funding facilitated progress in several arenas. Construction continued on the Regional Operations Center (ROC) and the County continues to replace aging fire apparatus.

- 19 Performance Measures
- 13 (68%) Target Met
- 3 (16%) Target Not Met
- 3 (16%) In Progress/Needs Target
- \$45 M Budget
- \$8 M Actual

Major variances in capital projects still in progress, including Public Safety Regional Operations Center (ROC), Pescadero, and Skylonda Fire Stations

2: Health and Mental Health

The Health System utilized Measure K funds to strengthen, expand, and develop new programs serving the most vulnerable clients in the County throughout FY 2016-17. Measure K funds supported collaboration between County services provided by Behavioral Health and Recovery Services and its partners in order to provide alternatives to incarceration and hospitalization for adults living with mental illness or substance use problems.

- 18 Performance Measures
- 6 (33%) Target Met
- 8 (44%) Target Not Met
- 4 (22%) In Progress/Needs Target
- \$9.6 M Budget
- \$5.9 M Actual

Major variances are in the Serenity House Respite Center (in progress) and contribution to Seton Seismic Retrofit Project (in progress).

3: Youth and Education

In the category of Youth and Education, the Library's Summer Learning Challenge engaged the vast majority of the children and youth in the service population through a robust outreach program and a wide range of learning activities to prevent and reverse summer learning loss. Simultaneously, Measure K funding was allocated to ensure all foster youth emancipate with the opportunity to attend two year college, four year college, or vocational training. Finally, Measure K funding supported programs for prevention and early intervention of mental illness, emotional disturbance, and substance use among children, allowed the expansion of home visiting to pregnant and post-partum clients, and facilitated support for public education related to healthy living and fall-risk education.

- 64 Performance Measures
- 45 (70%) Target Met
- 11 (17%) Target Not Met
- 8 (12.5%) In Progress/Needs Target
- \$26.8 M Budget
- \$9.8 M Actual

Major variances are in The Big Lift Early Learning Initiative (waiting on invoices) and Receiving Home and foster youth housing projects (in progress).

SUMMARY OF SEVEN CATEGORIES

4: Housing and Homelessness

The County of San Mateo is recognized throughout the state of California for its successful and innovative approach to complex problems like homelessness and key solutions like the creation and preservation of affordable housing. Having a local source of funding such as Measure K is essential to the County's ability to respond effectively. In September, the Human Services Agency received a prestigious 2017 Merit Award from the California State Association of Counties (CSAC) for efforts on "Ending Homelessness in San Mateo County."

- 74 Performance Measures
- 45 (61%) Target Met
- 13 (18%) Target Not Met
- 16 (22%) In Progress/Needs Target
- \$36 M Budget
- \$17 M Actual

Major variances in Affordable Housing projects that are in progress or need to be selected through Notice of Funding Availability (NOFA) process, and homelessness initiatives that just started and are in ramp-up phase.

5: Parks and Environment

With Measure K funding, County Parks provided safer facilities and better services to community members through completion of playground improvements, essential maintenance and critical repairs to failing infrastructure, and fire fuel reduction and vegetation management of native species.

- 31 Performance Measures
- 12 (39%) Target Met
- 1 (3%) Target Not Met
- 18 (58%) In Progress/Needs Target
- \$12.9 M Budget
- \$2.3 M Actual

Major variances due to various Parks projects.

6: Older Adults and Veterans

In FY 2016-17, the Human Services Agency made significant progress in efforts to end veteran homelessness using Measure K funding. Measure K funds also supported the Health Services Department in elder and dependent adult protection efforts and increased supportive services available to older adults, such as the Meals Express program and the Friendship Line.

- 31 Performance Measures
- 19 (61%) Target Met
- 7 (23%) Target Not Met
- 5 (16%) In Progress/Needs Target
- \$3.3 M Budget
- \$2.8 M Actual

No major variance

7: Community

Throughout FY 2016-17, community service departments aimed to provide the highest degree of community health, support, and safety to all County residents. With the help of Measure K, these departments endeavored to create a collaborative community in which diverse cultures could equally enjoy the world class amenities available in San Mateo County.

- 45 Performance Measures
- 23 (51%) Target Met
- 7 (15%) Target Not Met
- 15 (34%) In Progress/Needs Target
- \$31 M Budget
- \$10.5 M Actual

Major variance in capital and technology projects that are in progress: Maple Street Shelter Renovation, Serenity House Respite Center Remodel, Geographic Information System Implementation, and County Network Expansion.

1: Public Safety

County Fire Engine Replacement Fund

The engines and support vehicles purchased by San Mateo County Fire with Measure K funds continue to replace outdated models that exceed industry age and mileage standards. In addition to reducing maintenance costs in the long run, these replacements allow firefighters and volunteer crews to effectively and safely serve residents and businesses across 165 square miles from south of Pescadero to San Bruno Mountain and Devil's Slide Trail and provide mutual aid to other jurisdictions.

Public Safety Communications - Regional Operations Center (ROC)

In October 2015, San Mateo County awarded McCarthy Building Company the design and construction of the ROC on the County Center campus in downtown Redwood City. The last remnants of the former motor pool's underground fuel storage systems have been removed. Redwood City has issued the Project a "joint trench" permit for the installation of new electrical and communication services, and documents for the street scape portion of the off-site work are now in line for permit review. The ground improvement work needed to remedy the site's potential liquefaction has been approved by the County Planning and Building Department. On June 30, 2017, a building permit was issued for the entire project. Final demolition and ground improvement began in August. The project is scheduled for completion in March 2019.

Once complete, the ROC will serve as a home for the County's Emergency Operations Center, 9-1-1 public safety dispatchers, a secure data center, and the daily offices of the San Mateo County Office of Emergency Services and Division of Homeland Security of the Sheriff's Office.

2: HEALTH & MENTAL HEALTH

Health System Home Visits - Nurse-Family Partnership (NFP)

The NFP Program helps first-time mothers prepare for birth and gives them the support they need to become confident parents and strong women, while providing their newborns with the best possible start in life. NFP data has shown that there is a shift towards more women engaging in services earlier in the pregnancy within the 1st or 2nd trimester, which has led to better health outcomes for both mothers and their infants. In FY 2016-17, 96% (78) of babies born in NFP were at a healthy weight, which exceeded the program's target of 90%.

For the mothers who engaged in the NFP Program during the respective screening time periods, the nurses were able to assess 100% (90) of children with an infant health care assessment and ASQ-SE (Ages and Stages Questionnaire - Social Emotional) at 6, 12, 18, and 24 months. ASQ is a screening tool that is used to assess developmental progress in children ages 0-6.

Mental Health System of Care for Adults - San Mateo County Mental Health Assessment and Referral Team (SMART)

The SMART program is a behavioral health crisis response operated by American Medical Response, which provides immediate assessment, management, transport, and referral as appropriate to individuals with behavioral emergencies in the pre-hospital setting. The system includes two SMART vehicles staffed from 7 AM to 9 PM seven days per week. In FY 2016-17, SMART responded to 76% (2,654) of behavioral emergency calls, exceeding their target of 75%.

3: YOUTH AND EDUCATION

Prevention & Early Intervention - Bi-Polar Early Assessment and Management (BEAM)

FY 2016-17 has been a year of both transition and continued growth for the Felton Institute's (d.b.a. Family Service Agency of San Francisco) BEAM program in San Mateo. During FY 2016-17, the program grew in its census (35 clients) and restructured its staffing which served to reinforce already strong service delivery and outcomes. The restructure replaced two hybrid positions with three dedicated specialty positions: Employment and Education Specialist, Family Support Specialist, and Peer Support Specialist. The result of this restructure is increased participant engagement as a result of more points of contact with staff. Additionally, BEAM successfully graduated eight participants from the program after reaching their goals.

BEAM participants saw a reduction in the number of hospitalizations from 18 in the year prior to entering BEAM to two after being enrolled in BEAM, an 89% reduction. Participants also saw a reduction in the number of days hospitalized from 216 in the year preceding entry into the program compared to 9 days after enrollment, a 96% reduction. BEAM is able to maintain these results due to its comprehensive care coordination involving the entire treatment team that includes program participant and family member(s), Therapist, Psychiatric Nurse Practitioner, Employment and Education Specialist, Family Support Specialist, and Peer Support Specialist. This approach allows for shared decision making and many points of contact, creating a safety net and fostering growth of protective factors.

Percent of Youth Clients Experiencing Decrease in Number of Days Hospitalized

BEAM staff work closely with participants and their families to identify and review their goals frequently. The Employment and Education Specialist works closely within the team, with outside providers, and with school staff to ensure that the optimal learning environment is in place for the accomplishment of identified academic goals in adherence to the evidence based practice of Individual Placement and Support (IPS). IPS is a very well researched and documented approach; there is a growing focus on applying the model towards school when working with young adults. BEAMs Employment and Education Specialist applies the model towards participant education goals and the entire team supports those goals through coordination and collaboration. Services include helping participants create individualized plans for educational goals.

3: YOUTH AND EDUCATION

Prevention & Early Intervention - Child and Adolescent Hotline and Prevention Program (CAHPP) & Family Resource Centers

The Human Services Agency (HSA) worked with StarVista to continue CAHPP, a 24/7 hotline available to parents, educators, counselors, doctors, coaches, and others in need of access to services for children ages 0-18. CAHPP aims to facilitate early identification of behavioral, learning, and development needs and provide referrals, counseling, and follow-up services. In FY 2016-17, out of 755 calls answered, 74% of callers were provided with referrals and 33% of those referred received services (clients did not always follow through in engaging with referred services). In FY 2017-18, CAHPP will shift to a school-based Children and Family Resource Center (CFRC) clinical services model with six therapists based at six high-needs school districts in San Mateo County.

With expansion efforts to provide services in Daly City, Pacifica, Pescadero, and East Palo Alto, the Family Resource Centers similarly provide prevention and early intervention social services through HSA. Services include parent support and education groups, crisis intervention, mental health counseling, providing access to information, and spearheading advocacy efforts. In FY 2016-17, 81% of the 147 children served exhibited improved social and behavioral functioning in the classroom, 16% over the target of 70%

Early Learning and Care Trust Fund - The Big Lift

Based on Summer 2017 STAR (Standardized Test for the Assessment of Reading) data, children who participated in Big Lift Inspiring Summers experienced an average gain of 1.5 months in their reading skills (as reported in The Big Lift Inspiring Summers Impact Report 2017, by Building Educated Readers for Life). Additionally, according to the Fall 2016 Brigance Kindergarten Readiness Assessment Data, among demographically similar children, preschoolers who participated in the Big Lift are more likely to be kindergarten ready than children who do not go to preschool at all (as reported in The Big Lift Participation and School Entry Indicators: Early Findings, by the RAND Corporation).

4: HOUSING AND HOMELESSNESS

Housing Locator and Rapid Re-Housing

Abode Services provides Rapid Re-Housing services for target populations, including those who are unsheltered, disabled, low-income, facing eviction, facing criminal convictions, and/or facing other barriers to housing. These services are especially pertinent in a housing market as competitive and expensive as that which currently exists in San Mateo County. Among those clients or households using the Abode Services for Housing Locator and Case Management, 97% (114) stayed housed for six months (exceeding the target of 75%). Of the same clients or households, 97% (114) also remained in permanent housing for one year, exceeding the target of 70%.

4: HOUSING AND HOMELESSNESS

Affordable Housing Fund (AHF)

The AHF enabled the completion of four new projects, for a total of 199 units: Sequoia Belle Haven Senior Apartments (Menlo Park), University Avenue Senior Apartments (East Palo Alto), St. Leo's Apartments (North Fair Oaks), and Sweeney Lane Family Apartments (Daly City).

The AHF also funded 283 new units in 4 new projects located in South San Francisco, Redwood City, Moss Beach, and North Fair Oaks. It also provided additional funding to 82 units, in projects located in Colma and North Fair Oaks, for a total of 365 projects.

While funding has been committed for additional projects - allowing the AHF to meet its target of 687 units financed and 264 units completed to address an affordable housing waitlist of 19,332 individuals - project completion will occur in coming fiscal years, given the lengthy nature of these projects.

Housing Preservation Fund

The Housing Preservation Fund provided financial assistance for the preservation of 62 "naturally occurring" affordable rental housing projects. The program provided funding to the Atherton Court Apartments acquisition and rehabilitation and Stafford Street acquisition (both located in Redwood City). Funding has been committed to preserving the target (ie. 75 units), but project completion will occur in coming fiscal years, given the lengthy nature of these projects.

62 "naturally occurring"
units preserved

*"Naturally occurring" affordable housing refers to older apartments that do not demand market rents and are thus more affordable to lower income households

Debt Relief for Substance Abuse Treatment Providers

With the aim to reduce mortgage and lease payments and address immediate financial and capital needs to five nonprofit organizations which own, lease, and operate residential substance use treatment centers, the Provider Property Debt program successfully preserved all 135 substance use treatment beds.

5: PARKS AND ENVIRONMENT

Parks Capital Projects Map

Parks Capital Projects

Out of a total of 11 capital projects, six are in progress and five will commence in coming fiscal years. The current projects include: the Flood Park Baseball Field Renovation, Huddart Richards Road Repairs, Memorial Homestead Youth Camp Septic Repairs, Old Guadalupe Trail Renovations, Ralston Trail Repaving, and Wunderlich Carriage House Restroom ADA Improvements. The following projects will be initiated in coming fiscal years: the Crystal Springs Trail Highway 92 Crossing Plans, Huddart Park Meadow Lane Renovation, Wunderlich Stable Hay Barn Plans and Construction, Flood Park Improvements, and Green Valley Trail.

Parks Improvement - Operations & Maintenance

There were 91 operations and maintenance projects of which 38 were completed. The major completed projects include:

- The installation of a new movie and audio system at Memorial Park, which attracts additional visitors to the park during the summer season
- Sewer line repairs in various parks throughout the Parks system, which allow for continued use of the restrooms and prevent cancellations of day use and camping reservations; and
- The removal of hazardous trees due to damage caused during the drought years to ensure the safety of Parks visitors

6: OLDER ADULTS & VETERANS

Friendship Line

The Institute on Aging's Friendship Line is a 24-hour hotline offering suicide prevention and intervention for seniors and disabled adults. A total of 1,757 calls were received in FY 2016-17.

Respondents reported feeling more socially connected due to Friendship Line calls. This connection is a vital component in suicide intervention and the reduction of depressive symptoms. Respondents found staff and volunteers to be respectful and kind and would recommend the Friendship Line to a friend or family member. 97% of Friendship Line clients indicated excellent or good in rating the quality of services received, exceeding the target of 80%.

Friendly Visiting & Meals Express Program

The Friendly Visiting & Meals Express Program (FVME) provides home-visiting and meal delivery services to alleviate the isolation felt by older adults and persons with disabilities. Partnering with Peninsula Volunteers, Inc. the FVME was able to fill the gap for individuals on the waiting list for home delivered meals in FY 2016-17. As a result, the target has been increased from 50 in FY2016-17 to 800 for FY 2017-18.

Elder Dependent Adult Protection Team (EDAPT) - Aging & Adult and District Attorney

Nationally, experts in the field believe that less than five percent of elder abuse cases are reported. The need for outreach, education, support, investigation, and prosecution - all services provided by EDAPT - is tremendous. In FY 2016-17, Aging and Adult Services facilitated 76 monthly consultations or case updates with the District Attorney's Office Deputies and/or Investigators on financial abuse cases, exceeding the target of 72. Simultaneously, the District Attorney's Office coordinated 170 consultations with attorneys, law enforcement, and social services partners, as well as the general public, exceeding its goal of 100, and filed a total of 134 cases.

Technology and Infrastructure

The Information Services Department (ISD) Wireless team implemented 12 Public Wi-Fi sites throughout the greater San Mateo County region during FY 2016-17, in an aim to close the digital divide by creating wireless Internet connectivity for those with limited or no access. The addition of this infrastructure provides all residents with equal access to online knowledge and resources. Sites were chosen based on: a) technical feasibility, b) prioritizing unserved or underserved communities, c) spurring local economic development, and d) providing greater access to County services. Since the program's inception three years ago, a total of 36 Public Wi-Fi sites have been installed. This year's sites included:

- El Concilio Latino Support Center: 1419 Burlingame Ave, Burlingame
- CFFC First 5: 1700 S El Camino Real, Suite 405, San Mateo
- Probation/DA/Revenue Service: 1024 Mission Rd, South San Francisco
- Portola Community Center Line: 1765 Portola Rd, Portola Valley
- Memorial Park Ranger Station: 9500 Pescadero Creek Rd, Loma Mar
- San Pedro Valley Park Visitor Center: 600 Oddstad Blvd, Pacifica
- HSA Fair Oaks School: 2950 Fair Oaks Ave., Redwood City
- WIC East Palo Alto: 2160 Euclid Ave., East Palo Alto
- HSA Kennedy Family Center: 2521 Goodwin Ave., Redwood City
- War Memorial Community Center: 6655 Mission Street, Daly City

Balance of funds not drawn. Budget under review. 85% (1950) of the visits occurred at Coastside Clinic in Half Moon Bay and 15% at Puente. While many clients residing in Pescadero receive services at the Half Moon Bay location, these clients are not captured in the denominator for the cost per patient unless they specifically went to the Pescadero site. As a result, the cost per patient is high since staff costs are spread over only the clients seen in Pescadero. In addition, the target was set before the Pescadero model was in place and was based on a higher number of patients. If all those visits are considered together, the cost per South Coast patient is significantly lower. There was no evidence of excess demand throughout the year. The program experienced a high no-show rate - only 3-5 patients showed up to some Thursday evening clinics, as opposed to the anticipated 7-10. The program has been providing increased outreach to patients outside the clinic setting to help them keep their appointments, but patients are difficult to reach without stable home situations. Outreach by the designated Community Worker has focused on helping the most vulnerable patients access wrap-around services.</i>	Available

As a result, this measure did not achieve the target. However, this is expected to improve when Serenity House (new respite center) opens. Behavioral Health & Recovery Services has had to take on competency restoration directly and established staffing capacity to directly provide the necessary training and case management. Efforts are currently in pilot stage as different curriculum will be tested to determine which is most effective. Behavioral Health & Recovery Services and Correctional Health Services staff have worked diligently to develop a new program to lower these numbers. The program, Court Alternatives for the Mentally Ill (CAMI), is still in early stages and none of the cases in this report are part of the new program, but will be in the next reporting period. Human Services Agency	Starvista - Day Break Transitional Youth Shelter	Percent of clients who exit to permanent housing	40%	80%	In Progress	Target Met	\$ 215,000	\$ 215,000	\$ -	- StarVista’s Daybreak program is a transitional shelter that helps homeless youth identify other housing resources, rather than entering a shelter. Because the homeless system exists to serve clients experiencing homelessness, it is not the goal of the homeless system to increase the number of people served, but rather to have programs that can serve homeless individuals effectively and efficiently and assist them with returning to housing. At this time, the current capacity at Daybreak appears to be sufficient to meet the level of need for this population in the County.

There was a slight increase in the number of inquiry calls received by potential providers between FY 2015-16 and F Y2016-17. HIP was very optimistic that their marketing campaign would generate interest in their program. They cite competition from room rental websites, such as Airbnb, as the main reason for their numbers not reaching their goals. They will be expanding their marketing efforts in FY 2017-18. The Home Sharing Program got a late start in FY16-17. While the goal of interviewing 260 home providers for the program was not met, there was a 15% increase over the number of home providers interviewed for the program between FY 2015-16 and FY 2016-17. Competition from Airbnb was the primary reason for not reaching their FY 2016-17 goal. Their marketing efforts for FY 2017-18 will be increased with an eye toward stressing the benefits of the homesharing program over use of Airbnb.

FY 2016-17 RECOMMENDATIONS
MEASURE K PERFORMANCE MEASURES AD HOC COMMITTEE
Meetings on January 10 and 17, 2018
(Members: David Burow, Michael Kovalich, Daniel Quigg)

- 1) **Measure K Financial Summary** - In addition to Controller's Report, include a Measure K Financial Summary in the Annual Report that includes the following information:
 - a. Budget, Actuals, Variance for the last 2 fiscal years
 - b. Adopted Budget for each of the next 2 fiscal years
 - c. Explanation of Significant Variances for fiscal year being reviewed by Oversight Committee (FY 2016-17)
 - d. Sources (Current Year Revenue, Fund Balance-Carryovers, Fund Balance-Minimum Reserves, Fund Balance-Available) for the years above
 - e. Spending in each of the 8 spending categories for the years above
 - f. Surplus/Deficit and Carryover Calculation for each of the years above
 - g. Format and sort so highest budget variances in year being reviewed appear first; top-align numbers and narratives; shrink columns and delete unnecessary columns, insert footnotes to fit in one page
- 2) **Performance, Budget-to-Actuals and Variance Data for Each Initiative –**
 - a. In addition to performance data, include the fiscal year's budget, actuals, variance and explanation of variances > +/-10% for each Measure K initiative to show both financial operational results;
 - b. sort from highest-to-lowest budget variance to highlight explanations for the largest initiatives and unspent funds; top-align numbers and narratives
 - c. Move performance/budget detail to a separate section/appendix of the Annual Report
- 3) **Budget Variances Related to Multi-Year Capital Projects** - Separate out budget variances that are related to planned, multi-year capital projects, to show that the funds are committed for future use;
- 4) **Unplanned Budget Variances** - Explain significant, unplanned budget variances
- 5) **Measure K 5-Year Capital Plan and Annual Budget** – For future annual reports, related to above, create a 5-year capital plan for Measure K and budget according to the plan each fiscal year, to address the large carryovers and unspent balances by budgeting only what will be spent each fiscal year; indicate estimated completion dates for projects.
- 6) **Summary of 7 Categories (pages 4 and 5 of current Performance Report)** – insert footnote explaining budget variances under each text box for each spending category
- 7) Revise draft Annual Report as needed to integrate all recommendations above

Information Requested by Measure K Oversight Committee

District-Specific Loans and Contributions

At the November 30, 2017 Oversight Committee meeting, there was a question regarding loans that were included in the Loans and One-Time Contributions line items of Schedule A-Summary of Measure K Expenditures of the Controller's Report.

The Loans and One-Time Contributions category primarily includes contributions for programs and services specifically provided in one of the five supervisorial districts. With regard to loans in this category, only one loan has been provided by Board District 3 in FY2015-16, for the Resource Conservation District (RCD). The original loan was for \$500,000 until RCD received a major grant; however, the grant funding came earlier than anticipated, necessitating a loan for only \$36,754 of the \$500,000. The \$36,754 was repaid by RCD in FY 2016-17.

Interest on Measure K Revenues

At the November 30, 2017 Oversight Committee meeting, the question was posed to counsel whether Measure A or Measure K provided for the manner of accrual of interest on any sales tax revenues.

Although neither ballot measure makes any specific mention of the treatment of interest on the sales tax revenues, the ordinance provisions enacted pursuant to Measure A specify that the sales tax proceeds generated by the measure will be deposited into the County's general fund. Specifically, Section 5.150.030 provides:

“PURPOSE. This Chapter is adopted to achieve the following, among other purposes, and the provisions hereof shall be interpreted in order to accomplish those purposes: A. To generate revenue that will be placed in the general fund to support general County services and functions. . . .”

In addition, the impartial analysis included in the ballot materials for Measure A stated that “[t]he proceeds of the tax will be placed in the County's general fund to support general County services and functions.”

Accordingly, accrual of interest on Measure K revenues to the County's general fund is consistent with the Measure A and K ballot provisions.
