

MEASURE K OVERSIGHT COMMITTEE

Fiscal Year 2017-18

Annual Report to Board of Supervisors

February 26, 2019

February 27, 2018

Honorable Board of Supervisors,

On behalf of the Measure K (formerly Measure A) Oversight Committee, I present the Annual Report of the Measure K Oversight Committee for the Fiscal Year 2016-17 funding cycle. The report describes the activities of the Committee during this past year and constitutes the Committee's report on the Measure K Sales and Use Tax revenues for the period of July 1, 2016 through June 30, 2017. In addition, the report contains the Committee's recommendations regarding the performance measures used to evaluate the initiatives and programs funded by Measure K revenues.

Sincerely,

SAM HUTKINS
Chair, Measure K Oversight Committee

EXECUTIVE SUMMARY

Overview of Measure K Oversight Committee Activities

Measure A is the ten-year half-cent general sales tax approved by San Mateo County voters in November 2012. On November 8, 2016 the voters of San Mateo County approved **Measure K**, which extends Measure A for 20 years. The Measure requires the appointment of “a committee to perform an annual audit of the general fund revenues generated by [the] Retail Transactions (Sales) and Use Tax.” The Committee is bound by a set of Bylaws and Rules of Procedure (“Bylaws”), which set forth the operating procedures and duties of the **Measure K** Oversight Committee.

The Oversight Committee is comprised of ten Board-appointed community members, two from each supervisorial district. One of the requirements laid out in the Bylaws is for the Committee to present an annual report to the Board of Supervisors with the Committee’s review of (1) the annual audit of Measure K receipts, (2) results of the Agreed-Upon Procedures (AUP) on Measure K spending, and (3) performance report for existing **Measure K** initiatives.

The **Measure K** Oversight Committee met in November and February to complete its review of the results of the annual audit and AUP performed by the Controller’s Office, and the annual performance report prepared by the County Manager’s Office for the fiscal year ending June 30, 2018. Following the approval of the audit and AUP, an ad hoc committee was formed to recommend revisions to performance measures for existing programs and initiatives. The annual audit, AUP, and Performance Report for FY 2017-18 **Measure K** initiatives and programs are included in this annual report, along with information requested by the Committee and recommendations on performance measures from the ad hoc committee.

Summary of Controller’s Audit of Receipts and Review of Spending

The annual report contains the results of the Controller’s audit of Measure K receipts, and results of the agreed-upon procedures on Measure K spending for the period covering July 1, 2017 to June 30, 2018. Measure K receipts in the amount \$89,602,981 were received, a 7.9% increase from the previous year. Measure K expenditures were \$88,416,871 in the categories of public safety, health and mental health, youth and education, housing and homelessness, parks and environment, older adults, veterans and community services, and district-specific spending.

There were no exceptions noted in the audit and agreed-upon procedures. It is recommended that the Committee accept the Controller's Report.

Summary of County Manager's Performance Report

Article I, section 1-3 of the Oversight Committee Bylaws states that the Committee shall "develop recommendations for the County Manager's consideration regarding appropriate metrics by which the County can assess the impact of Measure A funds on programs and services funded in whole or in part by Measure A proceeds".

There are 475 unique performance measures monitored for Measure K initiatives in progress through June 30, 2018. Based on data reported by County departments:

- 52.4% of performance measures are meeting targets for FY2017-18
- 44.2% are not meeting targets or are still in progress
- 3.4% do not have targets in place yet

In accordance with the Bylaws, the Oversight Committee formed the Performance Measures Ad Hoc Committee to provide recommendations and ask questions about the performance of existing Measure K programs and initiatives that were presented in the Fiscal Year 2017-18 Performance Report.

The ad hoc committee met twice in January, and recommendations have been incorporated in this annual report or will be included in future reports. They include changes to the Measure K Performance Reporting structure, changes in how the calculations of measures meeting targets are described, Measure K web site additions.

Report on Measure K
Sales and Use Tax Revenues

For the period July 1, 2017 to
June 30, 2018

November 19, 2018

TABLE OF CONTENTS

Introduction.....1

SECTION I – Audit of Measure K Revenues Received By the County of San Mateo for the
Period July 1, 2017 to June 30, 2018.....2

SECTION II – Agreed Upon Procedures Performed On Measure K Expenditures for the
Period July 1, 2017 to June 30, 2018.....3

SCHEDULE A - Expenditures by Initiative for FY 2017-18.....4

SCHEDULE B - Expenditures by Sub-Initiative for FY 2013-14 through FY 2017-18.....7

Introduction

On November 6, 2012, the voters of San Mateo County (County) passed by majority vote Measure A, *The County of San Mateo Sales and Use Tax Ordinance* (Ordinance). Measure A levies a half-cent tax, for a period of 10 years, on the gross receipts of any retailer selling tangible personal property in the incorporated and unincorporated territory of the County. The proceeds are to be used to support general fund services and facilities which include, among others, abuse prevention programs, healthcare services, County parks, fire protection and other safety services, and educational programs and services. Measure A will sunset on March 31, 2023.

The County's Board of Supervisors (Board) approved putting a 20-year extension of the half-cent sales tax on the November 8, 2016 ballot (Measure K). Measure K received the majority vote needed to pass. Following certification of the election results on December 5, 2016, the Measure A initiative and all future references thereto were changed from Measure A to Measure K. Measure K will sunset on March 31, 2043.

In open meetings, the Board identified programs and services that can benefit from Measure K Funds. The Board also designated a Measure K Oversight Committee (Committee) as required by the Ordinance to ensure the completion of an annual audit of the Measure K Sales and Use Tax revenues. The County Controller's Office Internal Audit Division (Audit Division) performed an audit as required by the Ordinance. Section I of this report fulfills this requirement. In addition, the Committee by-laws ensure the performance of additional agreed-upon procedures by the Controller's Office related to Measure K expenditures. Section II of this report fulfills this requirement.

This report is divided into two sections as follows:

Section I: Audit of Measure K Revenues Received By the County of San Mateo for the Period July 1, 2017 to June 30, 2018. Revenues received by the County totaled \$89,602,981.

Section II: Agreed Upon Procedures Performed On Measure K Expenditures for the Period July 1, 2017 to June 30, 2018. Expenditures incurred by the County totaled \$88,416,871.

This report covers the period July 1, 2017 to June 30, 2018. All procedures were performed in accordance with the *International Standards for the Professional Practice of Internal Auditing* established by the Institute of Internal Auditors. This report is intended solely for the information and use by the Committee, the Board, and County management. This report should not be used by anyone other than these specified parties. However, as the County is a government entity, this report is subject to public inspection.

SECTION I – Audit of Measure K Revenues Received By the County of San Mateo for the Period July 1, 2017 to June 30, 2018

The Controller's Audit Division reviewed State Remittance Advice Forms, the County's financial accounting system records, and the Comprehensive Annual Financial Report (CAFR) audited by the independent certified public accountants to determine if Measure K sales and use tax revenues received have been recorded in a separate fund in a timely and accurate manner.

Results

No exceptions noted. The Measure K Fund (Fund) was established in the County's financial accounting system. All Measure K monies transmitted by the State from July 1, 2017 to June 30, 2018 were deposited into the Fund. This Fund was not used for any other purpose. We also reviewed the County's CAFR audited by the independent certified public accountants and found there were no issues reported that relate to the financial activities of Measure K funds.

Summary of Measure K Revenues

Tax Period	Month Received	Amount
May 2017	July 2017	\$ 5,489,100.00
June 2017	August 2017	7,318,800.00
July 2017	September 2017	9,139,896.79
August 2017	October 2017	5,761,900.00
September 2017	November 2017	7,682,500.00
October 2017	December 2017	9,769,415.14
November 2017	January 2018	6,250,900.00
December 2017	February 2018	8,334,600.00
January 2018	March 2018	8,846,069.83
February 2018	April 2018	5,384,900.00
March 2018	May 2018	9,026,283.21
April 2018	June 2018	6,598,615.72
	Total for Fiscal Year 2017-18	<u>89,602,980.69</u>
	Total for Fiscal Year 2016-17	<u>83,033,888.40</u>
	Total for Fiscal Year 2015-16	<u>79,888,971.25</u>
	Total for Fiscal Year 2014-15	<u>80,598,111.27</u>
	Total for Fiscal Year 2013-14	<u>75,577,548.39</u>
	Total for Fiscal Year 2012-13	<u>4,397,205.32</u>
	Total	\$ <u>413,098,705.32</u>

SECTION II – Agreed Upon Procedures Performed On Measure K Expenditures for the Period July 1, 2017 to June 30, 2018

1. Reviewed Board Resolutions to determine if the amounts to be funded for each initiative by Measure K proceeds have been approved by the Board through the County's budget process.

Results

No exceptions noted. The Board approved each Measure K initiative and funding amount by resolution. Schedule A lists all Board approved initiatives and budgeted amounts.

2. Reviewed internal invoices representing departmental reimbursement requests and payment records to determine if the distributions made from the Measure K Fund to agencies governed by the Board were made after receipt of an invoice.

Results

No exceptions noted. All tested distributions from the Measure K Fund were made after receiving invoices. Amongst the 180 Measure K initiatives, 176 were administered by agencies governed by the Board. Schedule B lists the sub-initiatives and related expenditures that were reimbursed by Measure K monies in fiscal years 2013-14, 2014-15, 2015-16, 2016-17 and 2017-18.

3. Reviewed invoices received from agencies governed by the Board to determine if Measure K monies were used for purposes of the initiative approved by the Board, as evidenced by Department Head and County Manager or their designee's signature.

Results

No exceptions noted. All tested expenditures on the invoices received from agencies governed by the Board are for purposes of the initiative approved by the Board and were approved by the Department Head and County Manager or their designees.

4. Reviewed invoices to determine if the amounts spent were categorized by type of expenditure and then reviewed the County's financial accounting system records to determine if the expenditures and Measure K reimbursements were properly recorded.

Results

No exceptions noted. All tested invoices categorized the amounts spent by type of expenditure and were properly recorded in the County's financial accounting system.

5. Reviewed Board Resolutions and accounting records to determine if distributions of Measure K Funds to agencies governed by the Board did not exceed the Board approved budgeted amounts for each initiative during the fiscal year.

Results

No exceptions noted. All of the distributions of Measure K Funds to agencies governed by the Board did not exceed the Board approved budgeted amounts for each initiative in fiscal year 2017-18.

6. Reviewed invoices, accounting records, and Board Resolutions to determine if distributions made from the Measure K Fund to entities that are not governed by the Board, agree to invoices received from those entities, and have not exceeded the amount legally authorized by the Board.

Results

No exceptions noted. All distributions from the Measure K Fund equaled the invoice amounts submitted, and did not exceed the amount legally authorized by the Board. The four Measure K initiatives that were administered by entities not governed by the Board are included in Schedule A.

EXECUTIVE SUMMARY

This report contains performance data for initiatives funded in whole or in part with Measure K funds from July 1, 2017, to June 30, 2018.

Approved by 70% of voters countywide in November 2016, Measure K extends a previous voter-approved (Measure A, November 2012), half-cent general sales tax until March 31, 2043. The 2017-18 fiscal year marked the fifth full year the County has collected the sales tax.

The Board of Supervisors sets priorities for the use of Measure K funds at the beginning of each two-year budget cycle. The Board in December 2016 affirmed that Measure K funds during the FY 2017-19 budget cycle should support overall County goals: end homelessness; ensure at least 80% of all third-grade students are reading at grade level, and; provide all foster youth the help they need so they can graduate high school and enroll in college or vocational training.

In addition, the Board set the following priorities for Measure K funds:

- Reduce crime
- Increase life expectancy
- Improve affordability of housing and basic needs
- Close education achievement gaps
- Make transit accessible
- Increase community engagement
- Reduce greenhouse gas emissions
- Conserve and protect natural resources
- Open, responsive and effective government

The Board allocated Measure K funds to internal County departments, other government agencies, nonprofit organizations and for-profit enterprises to achieve their goals.

MEASURE K INVESTMENTS 2017-18 FISCAL YEAR

Actual expenditures across all initiatives for the 2017-18 fiscal year totaled \$88,416,870.63. This represents a 52% increase from the \$58,199,714 invested in the prior fiscal year.

The increase can be attributed in part to the ramping up of numerous capital and technology projects and an increase in investments in building and preserving affordable housing.

Spending on building a Regional Operations Center, which will serve as the County's hub for disaster response and will house the daily offices of 9-1-1 public safety dispatchers, for instance, totaled more than \$8.7 million in the 2017-18 fiscal year, up from \$3.8 million the prior year.

As another example, spending on technology infrastructure and open data more than tripled, to \$9.7 million from \$3.1 million in the 2016-17 fiscal year.

For ease of tracking and to enhance transparency and accountability, the County places general Measure K initiatives in one of seven categories:

- Public Safety
- Health and Mental Health
- Youth and Education
- Housing and Homelessness
- Parks and Environment
- Older Adults and Veterans Services
- Community Services

MEASURE K SPENDING FY 2017-18

In addition, the County separately tracks initiatives that are funded at the recommendation of a member of the Board. These initiatives are approved by the full Board of Supervisors outside of the budget process to quickly meet unanticipated needs, leverage other funding sources and fill critical service gaps.

These are collectively categorized as “District Specific” initiatives. (Note: these initiatives range from targeting specific needs within a supervisorial district to countywide issues or concerns.)

Overall, Measure K investments in Community Services – a catch-all category that includes subsidies for paratransit service, technological upgrades and numerous capital projects – were approximately \$20 million, or 23% of the total. This was the largest expenditure in any single category.

This was followed closely by Housing and Homelessness, at 22% with \$19.3 million in spending, and Youth and Education, at 19% with \$16.7 million in spending. The breakdown by category is reflected in the accompanying chart.

The totals and percentages by category represent a change from the 2016-17 fiscal year. Spending on Housing and Homelessness topped the category list that

year, with 29% of all Measure K investments. (Note: actual expenditures for this category increased to \$19.3 million in 2017- 18 compared to \$17.1 million in 2016-17.)

It was followed in 2016-17 by Community Services (18%, \$10.5 million), Youth and Education (17%, \$9.8 million), Public Safety (14%, \$8 million), Health and Mental Health (10%, \$5.9 million), Parks and Environment (5%, \$3 million), Older Adults and Veterans Services (\$2.8 million, 5%) and District Specific (2%, \$1.1 million).

PERFORMANCE

During the 2017-18 fiscal year, the County implemented or continued 195 initiatives funded in whole or in part with Measure K funds. The effectiveness of these initiatives is tracked by 475 unique performance measures.

Based on performance data, 52.4% of performance measures, or 249, met targets in the 2017-18 fiscal year while 44.2%, or 210, were not meeting targets. The remaining 16 measures were under development or were lacking complete data.

PERFORMANCE SUMMARY

FY 17-18 EXPENDITURES

	PUBLIC SAFETY	9 Initiatives	18 Performance Measures	16 Target Met 88.9%	2 Target Not Met 11.1%		\$13,526,144.95

TOTAL: \$88,416,870.63

PUBLIC SAFETY

613,000

The number of miles on the vehicles that were replaced in the 2017-18 fiscal year, achieving the goal set at the beginning of the year. The used vehicles are mainly being placed in reserve status.

FIRE ENGINE REPLACEMENT FUND

Replacing aging engines, trucks and support vehicles in the County Fire fleet is a high priority as the threat of wildfire grows each year. The Board of Supervisors in June 2013 established the Fire Engine Replacement Fund with Measure K funds to replace older vehicles and reduce ongoing maintenance costs.

Four New Replacement Vehicles Were Purchased in the 2017-18 Fiscal Year:

\$692,041 Seagrave Fire Engine 17, stationed at the Highlands off of Tower Road in San Mateo	\$378,732 A water tender capable of holding 2,000 gallons, stationed at Skylonda	\$46,438 A modified Ford Expedition for fire command staff	\$37,615 A modified Ford Explorer for a fire marshal.	\$253,004 Service and supplies for new apparatus
--	--	--	---	--

REGIONAL OPERATIONS CENTER

With expected completion in Summer 2019, the two story Regional Operations Center under construction on the County Center campus in downtown Redwood City was on target at 30% complete by the end of the 2017-18 fiscal year. The ROC, as it is known, represents the largest single

investment of Measure K funds to date. It will house a new Emergency Operations Center – the County's central hub for responding to a disaster – a secure data center and the daily offices for public safety (9-1-1) dispatchers and the San Mateo County Sheriff's Area Office of Emergency Services.

The ROC is being built to withstand violent shaking from an earthquake with redundant electrical, water and other systems. Emergency workers will be able to staff the center around-the-clock during disasters.

The Regional Operations Center rises from the site of the former motor pool on the County Center campus in downtown Redwood City.

DID YOU KNOW?

The County's Public Safety Communications 9-1-1 dispatchers currently work out of the basement of the Hall of Justice, a building erected during the Eisenhower Administration.

COMMUNITY OVERCOMING RELATIONSHIP ABUSE (CORA)

Individuals who received direct legal services by an attorney:
TARGET: 775
ACTUAL: 948

Number of services provided by the legal team:
TARGET: 2,100
ACTUAL: 2,218

It's a sad fact that one in four women and one in seven men will experience domestic violence in their lives. Measure K grant funds allowed CORA – the only organization in San Mateo County solely dedicated to helping those affected by partner abuse – to increase outreach and staff to help clients navigate the complex legal system.

“

As you can imagine the legal system is extremely complex.... And one of the main things that we do at CORA is making sure that we're breaking down that process for survivors so that they can really understand what's required of them, what options are available to them and what their legal rights are.”

MELISSA GIBBS, CORA, AT RIGHT

HEALTH AND MENTAL HEALTH

SAN MATEO COUNTY HEALTH: MEASURE K INVESTMENTS

San Mateo County Health's mission is "to help everyone in San Mateo County live longer and better lives." With that mission in mind, Health invests funds from Measure K in numerous initiatives outside traditional of the traditional health care model.

INITIATIVE

COMMUNITY COLLABORATION FOR CHILDREN'S SUCCESS

In San Mateo County, 53% of youth clients in Probation and 43% in Behavioral Health and Recovery Services come from the same four zip codes. Collaborative teams work with youth and families in these zip codes to identify barriers to success and address risk. Performance: 50% of the programs met goals in the 2017-18 fiscal year, meeting the target.

INITIATIVE

AUGMENTED HOUSING INSPECTION

Health and safety inspectors focusing on multi-family complexes with the most complaints helped reduce violations. By improving living conditions, this program exceeded its goal of reducing the ratio of complaints at high-risk complexes versus all properties.

INITIATIVE

COURT ALTERNATIVES FOR THE MENTALLY ILL

For the first time in the 2017-18 fiscal year, the percentage of inmates held on misdemeanor charges with a mental illness who were released within six days exceeded the target of 70%. The goal of this program is to move nonviolent mentally ill inmates into treatment as soon as possible.

WHOLE PERSON CARE

San Mateo County Health launched "Whole Person Care" to provide health and mental health care, substance use counseling and other services to individuals with the most complex and often co-occurring conditions who are oftentimes homeless. The Whole Person Care team, consisting of professionals across departments

and disciplines, found that placing clients in stable housing greatly improved their quality of life and allowed them to engage in their own medical care.

During the 2017-18 fiscal year, 94% of clients referred to the Whole Person Care Committee were approved for emergency or permanent housing, far

exceeding the performance target of 35%.

In addition to improving a client's quality of life, Whole Person Care aims to reduce the number of emergency room visits from individuals who may have no other way of seeking health or mental health treatment.

HOUSING SUCCESS

A total of 27 clients have found temporary or permanent housing and an additional 10 have been approved for housing.

“

They are very hard-won victories," said Lucinda Dei-Rossi, Whole Person Care Health Services Manager. "Once we are able to house someone, the picture looks entirely different."

TARGET MET

The target of 98% completed construction for the 2017-18 fiscal year was met.

SERENITY HOUSE

Work crews spent the 2017-18 fiscal year renovating a building on the San Mateo Health campus that opened in fall 2018 to fill a critical gap in the County's system of care. Serenity House, as it is known, now serves as a short-term residential facility for adults experiencing a mental health crisis who are not a danger to themselves or to the community. Services include individual and group counseling, medication support, wellness and recovery plans and links to services.

Now That Serenity House Is Open, The County Will Track The Following Performance Measures:

PERCENT OF ADULT CLIENTS DISCHARGED
from Serenity House to a lower level of care

PERCENT OF ADULT CLIENTS DIVERTED
from psychiatric emergency services.

YOUTH AND EDUCATION

Friends and family enjoy a performance in Daly City by children enrolled in Inspiring Summers, a Big Lift enrichment program.

27% BIG LIFT PRESCHOOLERS were more likely to be kindergarten-ready when compared to demographically similar children who did not go to preschool.

EARLY LEARNING AND CARE TRUST FUND: THE BIG LIFT

The Big Lift aims to reverse an alarming statistic: nearly half of our county's children are not reading proficiently by third grade. With investments from Measure K and numerous partnerships, the Big Lift provides quality preschool, free summer learning experiences and enrichment activities for

children most in seven school districts: South San Francisco Unified School District, Jefferson Elementary School District, Cabrillo Unified School District, La Honda-Pescadero Unified School District, Redwood School District, San Bruno Park School District, and Ravenswood City School District.

The Big Lift Strategy Rests On Four Pillars:

- 1 High-quality preschool
- 2 Summer Learning
- 3 Attendance
- 4 Family Engagement

THE PARENT PROJECT

The Parent Project is a free, 12-week course that is offered in English and Spanish to anyone who cares for a child or adolescent. The classes meet for three hours each week. Parents learn parenting skills and get information about resources and other support available in their communities. Classes are offered through San Mateo County Health.

“

I am a single parent of two teenagers. When I thought my children's lives were at risk, I felt lonely with no answers to all the problems in our lives. I took the parent project class when my children were struggling, and I finally found hope. This class will help parents have a better relationship with their children, and help them succeed.

YOLANDA R.

97% FAMILIES report experiencing fewer truancies, suspensions and expulsions following participation in the Parent Project, exceeding the target of 95%.

TRAUMA-RELATED INTERVENTIONS

Behavioral Health and Recovery Services practitioners have been trained in the Neurosequential Model of Therapeutics (NMT) for testing or assessing children for trauma and other history and neural functioning in a way that informs providers so that interventions can be

determined and implemented at a rate that is truly life changing. BHRS is the only County behavioral health department in the country to employ NMT. It is being used in the juvenile justice arena to assist youth who find themselves involved with the law early in life.

The Neurosequential Model is a way to organize a child's history and current functioning. The goal of this approach is to structure assessment of a child, the articulation of the primary problems, identification of key strengths and the application of interventions (educational, enrichment and therapeutic) in a way that will help family, educators, therapists and related professionals best meet the needs of the child.

Graduates from a Behavioral Health and Recovery Services training in the Neurosequential Model of Therapeutics.

100% INCREASE

The percentage of youth showing increases in positive behavior at re-assessment: 100%, exceeding the target of 83%.

HOUSING AND HOMELESSNESS

INVESTMENTS IN AFFORDABLE HOUSING

Home prices and rents in San Mateo County have soared over the past five years as the number of new jobs has far outpaced the number of new homes and apartments. Measure K funding provided financing to build, protect and preserve a total of 393 units as affordable housing for the long term in the 2017-18 fiscal year.

The County works with nonprofit and for-profit housing developers to increase the number of apartments and homes that are affordable – that is where residents are paying no more than 30% of income on rent and related housing costs.

An artist's rendering of the Bayshore Affordable complex, to be built near the Millbrae BART station.

Projects Are:

130 UNITS	120 UNITS	80 UNITS	36 UNITS	27 UNITS
Light Tree Apartments, East Palo Alto	Bay Road Family Housing, Redwood City	Bayshore Affordable Housing, Millbrae	Redwood Oaks Apartments, Redwood City	1283 Willow Rd, Menlo Park
Preservation, Renovation and New Construction	New Construction	New Construction	Preservation	New Construction

The County has committed more than \$100 million since 2013 to create new housing, protect existing affordable housing, prevent displacement and other initiatives. The bulk of that funding is from Measure K.

SHARED HOUSING – HIP

Over time, many homeowners in San Mateo County find themselves with unused bedrooms that could house a teacher, social worker, or other home seeker in need of an affordable living arrangement, while providing social and economic support for the homeowner. Local

nonprofit HIP Housing matches persons with a spare room or rooms with persons looking for an affordable place to live. HIP Housing screens, interviews and follows-up to help home providers and home seekers find an ideal housemate.

MEASURE OF SUCCESS

During the 2017-18 fiscal year, 337 potential housing providers contacted HIP, slightly exceeding the target of 333. HIP successfully matched 87 home providers with home seekers, below the target of 100 matches.

“

It feels nice to have your tenant say how happy they are in your house.”
MIRELA, A HOME PROVIDER
IN SAN MATEO

“

With the high cost of living here in San Mateo County, we see so many families that are barely hanging on each month,” said La Trice Taylor, who helps run the program at Samaritan House. “One unexpected bill or a number of small bills that add up over time can crush a family financially. We have found that a little help can go a long way.”

SAMARITAN HOUSE HOMELESS PREVENTION ASSISTANCE PROGRAM

Individuals and families facing unexpected bills can turn to the Homeless Prevention Assistance Program for help. Coordinated by local nonprofit Samaritan House in partnership with other Core Services Agencies, the program provides qualified applicants with relatively small one-time grants

funded in part by Measure K. Why? Experts have learned that short-term help to overcome a sudden or significant loss of income, a notice of the eviction process, a recent traumatic event such as a health crisis or other critical family need can help keep people in their homes over the long term.

MEASURE OF SUCCESS

232 households received financial assistance in the 2017-18 fiscal year. In a survey of 35 of those households six months after receiving assistance, 34, or 97%, remained housed.

PARKS AND ENVIRONMENT

“

If you are looking for an outdoor adventure in the Peninsula to take your kids to on the weekend, look no further than Huddart County Park. For those few hours there, I felt sheer bliss. Huddart is BEAUTIFUL.”
 FIVE-STAR YELP REVIEW.

PARKS INTERPRETIVE PROGRAM

A record 2.9 million visitors experienced San Mateo County Parks in the 2017-18 fiscal year, far exceeding the target of 2.5 million. This was due in part to the many special events Parks hosted, including Junior Ranger programs, movie nights and more.

In addition, Parks is partnering with San Mateo County Health, the Sheriff's Activities League, local libraries, “Fiends of” park organizations and community groups to host special events and activities funded with Measure K dollars.

Special Activities And Events Included:

Valentine's Day arts and crafts at Coyote Point
 Science night at the Menlo Park Library
 Night hikes at various parks
 Junior Rangers Programs
 Kite Festival
 St. Patrick's Day Arts and Crafts
 History hikes
 Fishing with a Ranger
 Dia De Los Muertos events

FUEL REDUCTION

With the threat of wildfire growing due to climate change and other factors, the infusion of Measure K funds toward operations and maintenance has allowed the Parks Department to step up its efforts to reduce that threat by removing brush, downed trees and other fuels.

At Mirada Surf and Quarry Park,

a 12-person crew spent 19 days removing a large amount of downed eucalyptus and other trees as well as underbrush near a residential area.

These are only two examples of numerous large and small resource management projects undertaken countywide with Measure K funding.

PARK SHUTTLE BUS

Parks launched a new weekend shuttle service in September 2016 to help residents in underserved communities enjoy their San Mateo County Parks.

The free service, however, fell short of ridership goals. The service was discontinued on Aug. 26, 2018.

Ridership was not maximized, yet the

partnerships established through the shuttle program will be continued as the department strives to connect more people to parks. Moreover, the relationships developed during planning and implementation of the shuttle have led to additional interpretive programs in schools and communities with transportation barriers to parks.

Parks Volunteer Hours

Volunteers from partner groups (Friends of Parks, Volunteer Horse Patrol and many others) along with scouts, schools and community groups logged 35,062 hours working on behalf of County Parks in the 2017-18 fiscal year, exceeding the target of 30,000 hours.

In addition, the Volunteer Stewardship Corps dedicated 411 volunteer hours to restoration projects, exceeding the target of 220 hours.

OLDER ADULTS AND VETERANS SERVICES

FALL PREVENTION

The U.S. Centers for Disease Control and Prevention estimates that more than one in four of all Americans over the age of 65 will fall each year. The good news: the Fall Prevention Coalition of San Mateo County offers free classes to help adults age 65 and older to learn how to

address their fear of falling, reduce the risk of falling and take actions to improve or sustain their strength. Measure K funds allows the coalition to offer free “Stepping On” classes, a multi-week course that offers seniors strategies and exercises to reduce falls and increase self-confidence.

DID YOU KNOW?

The average cost of a fall in San Mateo County that results in hospitalization costs upwards of \$80,000 in transport, medical care and other costs.

86% PARTICIPATION

Percent of Stepping On workshop participants who successfully completed the seven-week course:
Target: 80%
Actual: 86%

ELDER DEPENDENT ADULT PROTECTION TEAM

DID YOU KNOW?
San Mateo County's older adult population is expected to grow by over 70% by 2030.

With Measure K funds, the Board of Supervisors in 2015 created the Elder and Dependent Adult Protection Team, or EDAPT. The team consists of social workers backed by the County Counsel's office and the District Attorney.

Together, they investigate and prosecute cases of elder abuse and raise public awareness about ways seniors can protect themselves.

In the 2017-18 fiscal year, the team held 140 trainings or informational events, surpassing the target of 114. If you have any suspicions about an older dependent adult being a victim of abuse, please call 1 (800) 675-8437. Also, you can go online to SMCHealth.org/elderabuse where you can learn more about the signs and symptoms of abuse.

VETERANS SERVICES

The Veterans Services Office helps local veterans and their families access the benefits they earned during their service. The Office is exploring new strategies to reach the County's estimated 33,000 veterans, including the increases use of social media and participating in new and ongoing events that attract veterans and their families.

Norman Aleman, right, of the Veterans Services Office consults with a client.

The Veterans Services Office had approximately 3,500 contacts during the fiscal year, or an average of 293 a month. The number of contacts rose from an average of 278 a month in FY 16-17 but fell short of the target of 350 contacts per month.

DATA POINT

The Veterans Services Office filed 832 claims for veterans or their families during the year.

COMMUNITY SERVICES

ON TARGET

The County contributed \$1 million in Measure K funds toward the project, which was considered on target at 98% complete at the end of the 2017-18 fiscal year. Project close-out is expected in late 2018.

MODERNIZING A LIBRARY FOR THE FUTURE

The redesigned and renovated Fair Oaks Branch Library in Redwood City reopened in June 2018 following months of work. New features include a Teen Space, a bilingual Farmers Market Truck interactive play area, more power outlets and new children's furniture, shelving, comfortable seating, carpet, upholstery and more. The project also expanded the library from 3,200 square feet to 3,800 square feet.

Measure K Funds Are Also Invested In Planning, Renovating Or Building Libraries In:

Half Moon Bay
 South San Francisco
 Pacifica
 East Palo Alto
 Brisbane
 Daly City
 San Mateo

EASING HUNGER PAINS

Second Harvest Food Bank distributed 18 million pounds of food in San Mateo County in FY 17-18, exceeding the target by 2 million pounds. The County provides Second Harvest with Measure K funds to provide food directly to those in need and indirectly through an extensive network of

nonprofit providers. Although food distribution is up, the number of clients served both directly and indirectly fell below targets during the fiscal year. Second Harvest has noted a trend where residents unable to afford the cost of living are moving out of San Mateo County.

Number of residents receiving direct services each month:
TARGET: 21,000
ACTUAL: 20,0156

Number of residents receiving services from partner providers each month:
TARGET: 60,000
ACTUAL: 52,808

LaKesha Roberts-Evans is from the Ecumenical Hunger Program in East Palo Alto. She stands in front of a freezer that was purchases with Measure K funds in a prior round of grants.

DID YOU KNOW?

Food pantry programs primarily target residents whose incomes are 200% of the federal poverty level or lower. That equals an annual income of \$50,200 for a family of four.

Local artists transform a wall into a color and vibrant centerpiece for the North Fair Oaks community.

KEY MILESTONES ACHIEVED

During the 2017-18 fiscal year efforts continued to implement the plan with key milestones achieved, including the opening of a new parking lot and public arts projects.

NORTH FAIR OAKS GENERAL PLAN IMPLEMENTATION

North Fair Oaks is an unincorporated part of San Mateo County that covers about 798 acres, bounded by the cities of Redwood City to the north, west and southwest, Atherton to the east, and Menlo Park to the northeast. The Plan describes goals for the development of North Fair Oaks over the next 30 years, and includes a range of policies and programs to meet those goals.

Key Goals Of The Plan Include:

ENCOURAGING a diverse, vibrant mix of land uses. Revitalizing vacant and underutilized land in key locations.

PRESERVING and strengthening neighborhood and community character.

MAKING all local streets safe and accessible for all types of transportation, including walking, bicycling, and automobiles.

CREATING sufficient safe, healthy, and affordable housing for all residents

1: Public Safety	Sheriff	SHFCC	Coastside Response Coordinator	Number of disaster preparedness training exercises and drills	7	11	In Progress	Target Met	In FY 2017-18, the Coastside Response Coordinator conducted several disaster preparedness trainings and exercises related to IC 100/700 & 200; WebEOC, and SMC Alert training; School Evacuation Drill; and Earthquake Exercises.							Ongoing
1: Public Safety	Sheriff	SHFSS	School Safety	Percent of school safety plans that are in accordance with the County Office of Education Standards	100%	100%	Completed	Target Met	The number of school safety plans in accordance with COE standards remains as a completed task continuously maintained by the schools.	\$ 557,596	\$ 557,596	\$ -	0.00%			Ongoing
1: Public Safety	Sheriff	SHFSS	School Safety	Total number of hours per week school resource officers are on their assigned campuses	24	38	In Progress	Target Met	The two Measure K funded SRO's have allowed the Sheriff's Office to increase our presence in the schools, increase trainings, and spend additional hours with the community throughout FY 17-18.							Ongoing
1: Public Safety	Sheriff	STRAF	Human Trafficking & Commercial Sexual Exploitation of Children (CSEC)	Number of operations conducted by local Law Enforcement	6	3	In Progress	Target Not Met	The Human Trafficking Program Coordinator position was vacant between July - November of 2017. In December 2017, a contractor for this work was hired, and directed to coordinate operations every other month (February, April, and June).	\$ 210,000	\$ 152,751	\$ 57,249	-27.26%	Underspent due to changes in contracted provider services resulting in a temporary break in service.		Ongoing
1: Public Safety	Sheriff	STRAF	Human Trafficking & Commercial Sexual Exploitation of Children (CSEC)	Number of First Responder trainings	3	4	In Progress	Target Met	The Human Trafficking Program Coordinator position was vacant between July - November 2017. In December 2017, a contractor for this work was hired, and directed to present three Human Trafficking for Law Enforcement trainings by June 30. Four of these trainings were delivered. This course meets the California law and POST mandate for human trafficking training.							Ongoing
1: Public Safety	Sheriff	STRAF	Human Trafficking & Commercial Sexual Exploitation of Children (CSEC)	Number of businesses or community-based organizations receiving training	3	20	In Progress	Target Met	The San Mateo County Human Trafficking Initiative (HTI) was launched in February. The HTI is an open community of governmental, non-governmental, community and faith-based organizations interested or involved in the response to human trafficking in the County. The HTI meets monthly, and each meeting covers a training component to educate attendees. In addition, Coordinators presented to medical providers, community groups, community television, among others.							Ongoing
2: Health & Mental Health	County Manager's Office	NDSSM	Agreement with Seton Medical Center	Seton Medical Center Percent Completion: NPC (Non-Structural Performance Categories) - 3/3R Project		19%	In Progress	Target Met	Out of 5 permit areas, 4 have been completed, with funding going towards design, engineering, OSHPD fees and permitting, and construction. Approximately 6 weeks remain for completion, with OSHPD re-designation as NPC-3/3R compliant to follow upon completion.	\$ 7,371,655	\$ 6,233,825	\$ 1,137,830	-15.44%	Capital project still in progress.		Capital
2: Health & Mental Health	County Manager's Office	NDSSM	Agreement with Seton Medical Center	Seton Medical Center Percent Completion: SPC (Structural Performance Categories) - 2 Project		95%	In Progress	Target Met	Seton has completed the design, permitting, pre-construction planning, and the associated Materials Testing Program for the SPC-2. SPC-2 work is anticipated to begin in the third quarter of 2018.							Capital
2: Health & Mental Health	Health System	FHHVE	Family Health Home Visit Expansion	Percent of babies born in Nurse-Family Partnership Program at a healthy weight	95%	90%	In Progress	Target Not Met	In FY 17-18 we saw a slight decrease in this metric from 93.5% last year to 90% of babies born at healthy weight this fiscal year. However the actual number of babies born at low or very low birth weight decreased from 6 last year to 5 babies this year. Over the next fiscal year, the NFP team will review cases of low birth weight infants to learn if there are trends to these outcomes and to identify strategies to support improvement in this metric.	\$ 1,142,259	\$ 1,142,259	\$ -	0.00%		Available	Ongoing
2: Health & Mental Health	Health System	FHHVE	Family Health Home Visit Expansion	Percent of children in Nurse-Family Partnership Program assessed with an Ages and Stages Questionnaire-Social Emotional (ASQ-SE) at 6,12,18,24 months	95%	100%	In Progress	Target Met	For mothers engaged in the NFP program during the respective screening time periods, the nurses were able to assess 99.55% of children with an infant health care assessment and an ASQ-SE (ages and stages questionnaire - social emotional) at 6, 12, 18, 24 months. On a monthly basis, staff received reports on missing assessments to ensure timely follow-up and completion.						Available	Ongoing
2: Health & Mental Health	Health System	FHHVE	Family Health Home Visit Expansion	Number of African-American Black Infant Health Project mothers who receive at least 1 prenatal and/or postpartum nursing assessment	15	44	In Progress	Target Met	African-American women and their children are 2-3 times more likely to have poorer health outcomes than other racial/ethnic groups. In October 2017 a Public Health Nurse was assigned to specifically work with African-American women enrolled in the Black Infant Health (BIH) Program to ensure early intervention/prevention and linkages to medical resources. The BIH program implemented a new workflow where every mother enrolled was automatically assigned to the Public Health Nurse and was not waiting to be referred by the primary case manager. The target for FY 2018-19 will be adjusted to reflect the results the BIH program has been able to achieve with these changes.						Available	Ongoing

Measure K FY 2017-18 Performance Table
WORKING DOCUMENT

Category	Department	JL Code	Initiative Name	Performance Measure Description	FY17-18 Target	FY17-18 Actual	Overall Status	FY17-18 Target Met	Comments - Performance Results	FY 2017-18 Budget	FY 2017-18 Actual	Variance (\$)	Variance (%)	Comments - Variance Explanation for +/- 10%	Plan for Unspent Balances	Program/ Initiative Category
2: Health & Mental Health	Health System	HLTWP	Whole Person Care Match	Percentage of homeless participants referred for housing that will receive housing services	35%	94%	In Progress	Target Met	The Whole Person Care Committee continued to receive referrals for housing subsidies largely from the Bridges to Wellness Team. The Committee has approved applications for clients with no housing options yet have immediate need due to their complex health conditions which are exacerbated by living on the street or temporary shelters. 94% of clients referred to the Committee were approved. Clients are approved for either emergency or permanent housing. The Committee also requires that the clients served have a Care Coordinator who ensures that supported housing services are provided either by the Coordinator or other providers. Providing housing has significantly improved the quality of life and health outcomes for these very complex clients. The Committee has expanded referral sources to include other programs/providers who are working with high risk, homeless Whole Person Care clients in order to ensure that we are able to receive at least four referrals per	\$ 2,000,000	\$ 2,000,000	\$ -	0.00%		Available	Ongoing
2: Health & Mental Health	Health System	JAILX	Court Alternatives for the Mentally Ill (Jail Alternate Program)	Percent of mentally ill adults diverted from psychiatric emergency services, emergency room, and jail	85%	86%	In Progress	Target Met	This measure continues to perform above target even though there was a slight performance decrease as compared to the prior year. This measure utilizes data from all diverting efforts and programs, and the decrease is primarily attributed to a decline in SMART Car performance this year, as well as an increased ED utilization. Efforts are already in place to improve SMART Car performance and the addition of an LPS Unit in the Jail in FY18/19 should also contribute to improvement for this measure.	\$ 267,669	\$ 252,590	\$ 15,079	-5.63%		Available	Ongoing
2: Health & Mental Health	Health System	JAILX	Court Alternatives for the Mentally Ill (Jail Alternate Program)	Percent of inmates on misdemeanor charges with mental health issues who have competency to stand trial at issue	7%	13%	In Progress	Target Met	The result for this measure exceeded the target and is an improvement as compared to previous years because BHRS created at the end of FY16/17 a competency restoration program and dedicated a limited term clinician to the new program, which had a positive impact. BHRS is now working with the Court to improve the evaluation process that is used to determine competency and it is anticipated that the quality of the evaluations will improve, which will further better outcomes for this measure.						Available	Ongoing
2: Health & Mental Health	Health System	JAILX	Court Alternatives for the Mentally Ill (Jail Alternate Program)	Percent of inmates on misdemeanor charges with mental health issues who are released within 6 days	70%	82%	In Progress	Target Met	FY17/18 shows significant improvement for this measure and for the first time for this program the target was not only met, it was exceeded. This success is attributed to improved staff performance due to significant training in responding to individuals with mental health issues that are arrested. Additionally, specific focus by both Correctional Health Services and BHRS to improve the program has resulted in a better outcome. Improved cooperation among these two partners has helped, as has a concentrated effort of these partners and the Jail around communication has led to early release of individuals with mental health issues.						Available	Ongoing
2: Health & Mental Health	Health System	PESCA	Pescadero Health Services Initiative (Coastside Services)	Percent of Puente clinic patients who receive mammograms according to screening guidelines	80%	78%	In Progress	Target Not Met	In previous years we were successful with this measure. SMMC has introduced Daily Management System (DMS) and Real Time Problem Solving (RTPS) to address the slight decrease in results in FY 17-18 and ensure that we sustain improvements overtime.	\$ 596,329	\$ 324,361	\$ 271,968	-45.61%	Pescadero clinic was budgeted for 2 days a week, but is currently offering 1/2 day a week due to lower demand than estimated.	Available	Ongoing
2: Health & Mental Health	Health System	PESCA	Pescadero Health Services Initiative (Coastside Services)	Percent of Puente clinic patients with diabetes who are on a statin drug as a measure of their decreased risk for heart disease	90%	96%	In Progress	Target Met	Our team has been successful with tracking diabetes patients placed on statin drugs. In part, our success is attributed to the use of a monthly quality report that makes us able to see which metrics are being met and which ones are not being met. We use the plan/do/study/act approach to work on those metrics needing improvement.						Available	Ongoing
2: Health & Mental Health	Health System	PESCA	Pescadero Health Services Initiative (Coastside Services)	Cost per patient visit (Pescadero Health Services)	\$2,168	\$1,801	In Progress	Target Met	We have been deliberate in sending an appropriate staffing mix to serve Pescadero and have managed to control costs with efficiencies built within our operations.						Available	Ongoing
2: Health & Mental Health	Health System	PESCA	Pescadero Health Services Initiative (Coastside Services)	Number of clinic visits (under the Pescadero Health Services initiative)	300	294	In Progress	Target Not Met	The team continues to work diligently to provide care to patients at the Pescadero clinic. The clinic was cancelled twice for IT related issue caused by road flooding. Despite flood related disruptions, we have managed to provide coverage as much as possible to ensure that this service is sustained. We continue to see on average between 5 to 6 patients per week at Pescadero. Many of our clients do not have phone service, impacting our ability to remind patients of their appointments.						Available	Ongoing
2: Health & Mental Health	Health System	RESPX	Respite Program	Percent of adult clients discharged from Respite Center to lower level of care	N/A	N/A	In Progress	Target Met	Construction of the respite facility is complete and furnishing activities were completed in August. BHRS has contracted with HealthRight 360 to operate the facility. BHRS and HealthRight 360 are working with Community Care Licensing at the State to get the facility permitted and licensed to operate. It is anticipated that the permitting process will be completed in late September. Tours of the facility are occurring throughout the months of August and September. The facility is expected to open and be fully operational by October.	\$ 1,058,000	\$ 1,058,000	\$ -	0.00%		Available	Ongoing

7: Community	County Manager's Office	NDSST	SamTrans - Yth, Elderly, Disabled	On Time Performance (average for FY)	90%	91%	In Progress	Target Met	Targets based on FY 2017-18 Actuals data.							
7: Community	County Manager's Office	PLNPI	North Fair Oaks General Plan Implementation	North Fair Oaks General Implementation Plan - Percent completion			In progress		In FY 2017-18, the North Fair Oaks General Implementation Plan continued in its aim to facilitate development and improvement of the North Fair Oaks area, via outreach efforts and capital projects in various stages of completion. Outreach efforts focused on areas such	\$ 8,891,343	\$ 1,897,760	\$ 6,993,583	-78.66%	Major capital and construction portions of the project remain in the planning and pre-design phases, accounting for the variance.		
7: Community	Department of Public Works	CAPBF	Bldgs and Facil Infrastructure	Percent Completion of Respite Center - Serenity House Remodel	98%	98%	In Progress	Target Met	Construction was substantially completed in FY 2017-18. Final payment to contractor and project closeout estimated to be completed by Fall 2018.	\$ 7,114,180	\$ 1,841,250	\$ 5,272,930	-74.12%	Construction was substantially completed for some projects in FY 2017-18. Balance to be carried forward for close-out of these projects and to complete multi-year projects, including CSA-7 infrastructure improvements. Serenity House Remodel project is carrying forward \$400,000 of the \$1,112,409 of unspent Measure K funds due to greater than expected grant funding. The remaining \$712,409 is available for other capital projects.	Carryover - Capital Project	Capital
7: Community	Department of Public Works	CAPBF	Bldgs and Facil Infrastructure	Percent Completion of Motorpool Relocation to Grant Yard	98%	98%	In Progress	Target Met	Construction was substantially completed in FY 2017-18. Project closeout estimated to be completed by Fall 2018.							Capital
7: Community	Department of Public Works	CAPBF	Bldgs and Facil Infrastructure	Percent Completion of Vehicle Charging Stations Installation	98%	98%	In Progress	Target Met	Installation was substantially completed in FY 2017-18. Striping of carpool lines estimated to be completed by Fall 2018.							Capital
7: Community	Department of Public Works	CAPBF	Bldgs and Facil Infrastructure	Percent Completion of Maple Street Shelter Renovation	99%	99%	In Progress	Target Met	Construction was substantially completed in FY 2017-18. Project closeout estimated to be completed by Fall 2018.							Capital
7: Community	Department of Public Works	CAPBF	Bldgs and Facil Infrastructure	Percent Completion of County Service Area 7 Infrastructure Replacement Project (Note: progress has to be measured for the entire project [i.e., improvements for all priority levels] because work is now underway on multiple priority levels)	5%	4%	In Progress	Target Not Met	As of 6/30/18, the Priority 1 improvements of the County Service Area 7 Infrastructure Project were in progress, with design 100% completed. Construction of the seismic upgrades to the treated water tank and treatment plant, and the disinfection byproduct control spray system was delayed due to a water main break, which reduced the level of treated water in the storage tank. As a result, conditions were not favorable for a temporary shutdown, which is needed during construction. The priority 1 repairs are expected to be completed in Fall 2018. Additional priority projects are being evaluated.							Capital
7: Community	Department of Public Works	DPWA1	Measure K Support CMO Airports	Percent of SMC noise complaints received correlated with aircraft.	90%	97.60%	In Progress	Target Met	Over the course of the FY, the Vector System was able to assist the Airport Communications Specialist in correlating 97.6% of SMC complaints with an aircraft, which exceeds target.	\$ 225,800	\$ 149,266	\$ 76,534	-33.89%	Costs were lower than expected due to the Airport Communications Specialist beginning their position in November 2017. Budget for the position was for the entire Fiscal Year.	Available	New
7: Community	Department of Public Works	DPWC1	CSA-11 Improvement Projects	Percent Completion of County Service Area 11 Water Supply and Sustainability Project	0%	0%	In Progress	Target Met	Project was delayed due to condition of well drilled at the primary site not viable as a source of adequate water supply. Contractor was directed to drill another well at an alternate location which could not be completed during winter/rainy season per permit requirements. Work has commenced again and is anticipated to be completed by Spring 2019.	\$ 155,000	\$ -	\$ 155,000	-100.00%	In progress with completion expected by Spring 2019; Balance to be carried forward to next fiscal year. This appropriation is a contribution to a larger project well underway in FY 2017-18.	Carryover - Capital Project	Capital
7: Community	Department of Public Works	LIBCN	Library Capital - Misc. Remodel	Percent completion of Fair Oaks Library Remodel	98%	98%	In Progress	Target Met	The remodel and space expansion was substantially completed in June 2018. Project closeout to be completed by Fall 2018.	\$ 772,076	\$ 659,951	\$ 112,125	-14.52%	Construction is substantially completed; however, balance to be carried forward to FY 2018-19 for project close-out activities to be completed by Fall 2018.	Carryover - Capital Project	Capital
7: Community	Human Services Agency	HSAFB	Second Harvest Food Bank (SHFB)	Total pounds of food distributed in San Mateo County annually (millions of pounds)	16	18	In Progress	Target Met	For the full fiscal year, 194 providers at 332 sites received food and other services. Using Measure A funds, Second Harvest purchased additional tuna for both direct and indirect programs. Residents who receive food monthly from direct and indirect services combined is 72,964 which is 90% of goal.	\$ 150,000	\$ 150,000	\$ -	0.00%			
7: Community	Human Services Agency	HSAFB	Second Harvest Food Bank (SHFB)	Number of San Mateo County residents who receive food monthly via direct services programs	21,000	20,156	In Progress	Target Not Met	The average number of residents served in any month by direct services is 20,156. The highest count was November with 34,411 served.							
7: Community	Human Services Agency	HSAFB	Second Harvest Food Bank	Number of San Mateo County residents who receive food monthly via indirect services/food assistance	60,000	52,808	In Progress	Target Not Met	The average number of residents served in any month by indirect services is 52,808. With outreach efforts the number served has been increasing.							
7: Community	Human Services Agency	HSAF2	Peninsula Family Services - Enhanced support for Big Lift Initiative	San Mateo: Number of children and their families served	76	342	In Progress	Target Met	Peninsula Family Services provides enhanced, evidence-based early learning programs. The program serves children at two sites in San Mateo. The program exceeded the target by 78%.					This is a District-Specific item that is managed by HSA. The financial information for this item is listed under Category 0: District-Specific, BOSD2, District 2 - Enhancement to Infant and Toddler Programs.

7: Community	Human Services Agency	HSAP2	Peninsula Family Services - Enhanced support for Big Lift Initiative	San Mateo: Number of Ages and Stages Questionnaire delivered	76	193	In Progress	Target Met	Peninsula Family Services provides enhanced, evidence-based early learning programs. The program serves children at two sites in San Mateo. The program exceeded the target by 61% for number of Ages and Stages Questionnaires (ASQs) completed. ASQs is a developmental screening that can help determine if a referral for additional evaluation or services may be beneficial for the child.							
7: Community	Human Services Agency	HSAP2	Peninsula Family Services - Enhanced support for Big Lift Initiative	San Mateo: Number of referrals for supportive services based on Ages and Stages Questionnaire and observations (i.e., speech services, Golden Gate Regional Center)	7	45	In Progress	Target Met	Peninsula Family Services provides enhanced, evidence-based early learning programs. The program serves children at two sites in San Mateo. The program exceeded by 84% the target for number of referrals for supportive services, such as speech services, Golden Gate Regional Center services, etc.							
7: Community	Human Services Agency	HSAP5	Peninsula Family Services - Enhanced support for Big Lift Initiative	Daly City: Number of children and their families served	49	206	In Progress	Target Met	Peninsula Family Services provides evidence-based early learning programs. The program serves children at two sites in Daly City. The program exceeded by 76% the target for number of children to be served.					This is a District-Specific item that is managed by the Human Services Agency (HSA). The financial information for this item is listed under Category 0: District Specific, BOSDS, District 5 - Enhancement to Infant and Toddler Programs (Peninsula Family Service Agency).		
7: Community	Human Services Agency	HSAP5	Peninsula Family Services - Enhanced support for Big Lift Initiative	Daly City: Number of Ages and Stages Questionnaires (ASQs) delivered	49	68	In Progress	Target Met	Peninsula Family Services provides evidence-based early learning programs. The program serves children at two sites in Daly City. The program exceeded the target by 28% for number of Ages and Stages Questionnaires (ASQs) completed. ASQs is a developmental screening that can help determine if a referral for additional evaluation or services may be beneficial for the child.							
7: Community	Human Services Agency	HSAP5	Peninsula Family Services - Enhanced support for Big Lift Initiative	Daly City: Number of referrals for supportive services based on Ages and Stages Questionnaire and observations (i.e., speech services, Golden Gate Regional Center)	5	11	In Progress	Target Met	Peninsula Family Services provides evidence-based early learning programs. The program serves children at two sites in Daly City. The program exceeded the target by 55% for number of referrals for supportive services, such as speech services, Golden Gate Regional Center services, etc.							
7: Community	Information Services	ISDT1	Technology Infra and Open Data	Windows 2003 Upgrades	100%	100%	Completed	Target Met	This was a FY 2016-17 Measure K project initiative. FY 2017-18 Actuals were for ongoing operational expenses for providing backup and server subscription services, which should have been moved from Measure K prior to YEC. These charges will be correctly billed to operations for FY 2018-19.	\$ 10,292,068	\$9,671,255	\$ 620,813	-6.03%	Variance due to ongoing capital projects, including Phase II of the Voice Over IP System and SMC Public Wifi.		
7: Community	Information Services	ISDT1	Technology Infra and Open Data	VoIP Phone System Percent Completion - replace the County's current antiquated, end of life telephone system with a state of the art Voice Over IP system to improve system and infrastructure stability	100%	100%	Completed	Target Met	Project Phases Completed in FY 17/18: Phase 1 – 1. Stand up VoIP Virtual Core-A phone system in Redwood City 2. Health System (BHRS Call Center) at Harbor 3. Human Services Agency Call Center at Harbor Phase 2 – 1. Stand up VoIP Virtual Core-B Phone System at San Mateo Medical Center-Data Center 2. AT&T Phase 1: SIP and e911 planning initiation and design 3. Assessors-County Clerk-Recorder & Elections (ACRE) Planning initiation for sites readiness (cabling only)						Carryover - Tech Infrastructure	Capital
7: Community	Information Services	ISDT1	Technology Infra and Open Data	County Network Expansion Wireless Percent Completion - continue deployment of internal Wireless access at County sites supporting Health, HAS, Probation, Sheriff, DA, SPW, Housing, and other departments that use those facilities.	100%	100%	Completed	Target Met	All completed sites now have the latest 802.11ac Wi-Fi that offer Gigabit speeds, resolves interference issues & also the WLAN is secure as users are being moved away from a MAC-based to 802.1x authentication.						Carryover - Tech Infrastructure	Capital
7: Community	Information Services	ISDT1	Technology Infra and Open Data	Internet Bandwidth Expansion Percent Completion - Replace the County's DMZ infrastructure to eliminate end of life hardware and deficiencies that cause internet facing server service outages, Sheriff network outages, bandwidth limitations for internet servers, and prevent the deployment of failover capabilities of internet services.	100%	100%	Completed	Target Met	Replaced RWC DMZ eGOV switch that is EOL & limits bandwidth to the Nutanix DMZ server farm. Re-Design the SMC Network Architecture to be more Resilient. Separated DMZs from Extranets Eliminate all Private VLANs DMZ survives, if RWC Firewall goes down Stretched L2 to SMMC on DMZ. Re-enabled failover monitoring on secondary FW at SMMC. Sheriff's has Internet access, if RWC FW goes down. Deployed DMZ at SMMC to allow VM replication in freeze dried state Deployed SMMC DMZ, so that a Nutanix DMZ server farm can be deployed in the future to allow for redundant DMZ VMs. These are Public facing & Mission critical.						Carryover - Tech Infrastructure	Capital

Measure K FY 2017-18 Performance Table
WORKING DOCUMENT

Category	Department	JL Code	Initiative Name	Performance Measure Description	FY17-18 Target	FY17-18 Actual	Overall Status	FY17-18 Target Met	Comments - Performance Results	FY 2017-18 Budget	FY 2017-18 Actual	Variance (\$)	Variance (%)	Comments - Variance Explanation for +/- 10%	Plan for Unspent Balances	Program/ Initiative Category	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	County Network Expansion County Fiber Percent Completion - The County began a program for implementind dark fiber at key County facilities in 2015. By the end of 2016, every major County facilities was connected and using the fiber network for production network traffic. This project will continue to extend this fiber network to the remaining County facilities that require reliable high sppeed connectivity. The current target is to bulid a dark fiber route through South San Francisco, Daly City, Pacifica and down to Half Moon Bay, which is estimated to be completed FY19-20	100%	100%	Completed	Target Met	Completed Engineering & Design as well as all Permits. Engineering staff has begun evaluation of alternate rights of way paths for accessing SMMC if the need arises due to construction at SMMC. Review drawings submitted to Caltrans for El Camino Real. Pole Loading from HSA SSF to Daly City are submitted to PGE & ATT. Underground drawings in and around Daly City are complete and will be submitted to Daly City the Week of July 9th. Underground drawings for Pacifica are complete and will be submitted to Pacifica the Week of July 9th. Pole Loadings for Daly City to Pacifica are complete and submitted to PGE and ATT. Pole Route for Pacifica to HMB is in final QA/QC for submission the week of July 9th. Permit Drawing for Tunnel Ingress and Egress has been submitted to Caltrans for their internal review prior to final submission							Capital	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	County Network Expansion Shared Fiber Percent Completion - regionalization effort of network services and connectivity	100%	90%	In Progress	Target Not Met	Implemented 8 sites with 40Gbps switch connectivity, initiated process for HOJ/555 fiber move (WAVE RCN). Contract Amendment for 9th site (PAIX), and procured PAIX equipment. For FY2018-19 will move HOJ/555 fiber (WAVE RCN) and configure/install switch into PAIX.							Capital	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	SMC Public Wifi Percent Completion - expand public wi-fi access across the County by installing/activating new wi-fi sites	100%	75%	In Progress	Target Not Met	Established and implemented Census-based reporting for site vetting with GIS results and monthly public wi-fi data reporting, executed site backhaul for required sites, executed MSA and Equipment procurement consistent with Cooperative Purchase Agreement, and initiated installation of Public Wi-Fi in two sites (Brisbane Community Pool (complete) and Midway Village (partial)). For FY2018-19 will coordinate and schedule professional services installation with vendor that was delayed due to MSA and procurement process.						Carryover - Tech Infrastructure	Capital	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	CommVault Appliances Percent Completion - ISD will replace current CommVault infrastructure with appliances to streamline management and facilitate cloud integrations. As the County data volumes grow and more county applications move to the cloud, there is need to find an efficient way to manage ISD's storage hardware and virtual infrastructure. The CommVault hyperscale approach to cloud and infrastructure management will minimize costs, save time, and reduce risk for ISD and its customers.	100%	85%	In Progress	Target Not Met	Prepped servers, setup network and infrastructure, configured VM in support of vendor specified requirements, supplied VM requirements and identified any setup needs, performed testing for capacity and integration. For FY2018-19 will need to procure and deploy Top of Rack (TOR) switches.							Capital	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	Video Conf Room Improvements Percent completion - improve video conference room capabilities across the County by deploying audio/visual solutions at additional locations	100%	100%	Completed	Target Met	Audiovisual improvements were made to eight rooms/areas across six County locations: County Center (400, 455, 555), Harbor Blvd Campus, Youth Services Center, and Coast Side Clinic. These upgrades enhanced the ability of County staff to conduct meetings in conference rooms (e.g. Probation Chief's large conference room, Dept of Housing meeting rooms), improved the public's access to County services and facility information (e.g. Coast Side Clinic waiting area, digital signage at 400 and 555 County Center), and improved efficiencies by streamlining processes (e.g. video interview rooms at HR).							Carryover - Tech Infrastructure	Capital
7: Community	Information Services	ISDTI	Technology Infra and Open Data	Radio Facilities Improvements Percent Completion - Support, maintain, and improve critical power, cooling, and infrastrucure are the County's radio sites.	100%	100%	Completed	Target Met	Project was completed on time, on budget and new systems were integrated without issues. All systems are Nominal.							Capital	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	Nutanix Environment Percent Completion - ISD will establish a Big VM cluster that will run larger VMs in a more efficient, cost effective manner than hosting in the cloud. This is primarily a hardware procurement.	100%	100%	Completed	Target Met	The project was completed primarily using the budget as guiding constraint. Completed provisioning a Windows VM with 8 vCPUs, 32 GB of RAM in AWS, with no dedicated resources and a maximum of 3000 IOPS. We can offer on premise IOPS well over 10,000. This did not take into account dedicated instances as the cost for implementing this was prohibitively high in AWS.								
7: Community	Information Services	ISDTI	Technology Infra and Open Data	Out of Area Business Disaster Recovery Percent Completion - ISD will establish a DR site outside of our potential disaster zone to house critical services. The project will include the design and acquisition of equipment required for the DR warm site.	100%	100%	Completed	Target Met	Completed the design of the remote disaster recovery network. The networking gear was defined and procured. Also, we identified existing Nutanix gear that will be re-purposed at the remote disaster recovery location.							Capital	
7: Community	Information Services	ISDTI	Technology Infra and Open Data	Mobile Access Point Technology Implementation Percent Completion - ISD will procure and manager a number of cradle point devices to provide support and connectivity for mobile remote support into the County's network	100%	100%	Completed	Target Met	The project was completed. The County purchased, configured and deployed 50 devices to assist the Elections Department establish Vote Centers across the County in response to 2016 Voter's Choice Act. Between election cycles, the devices will be re-deployed to solve other connectivity requests in the County.

		(w/Carryovers)	FY2016-17	Variance	(w/Carryovers)	FY2017-18	Variance	Explanation of Major Variances	(w/Carryovers)
District-Specific	0	5,031,671	1,055,009	3,976,662	7,774,151	2,247,098	5,527,053	FY15-16 District-Specific Actuals of \$1,510,125.65 are reflected within actuals of other categories, as the district-specific category was not set up until FY16-17. Additionally, variance in district-specific budgets and actuals are due to payment structure of grants. For most district-specific contracts, the County reimburses organizations in phases based on completion of certain portions of the project. Thus, while the full amount of the grant agreement is budgeted, actuals reflect only portions that have actually been spent within that fiscal year.	8,128,726
Health & Mental Health	2	9,628,906	5,878,153	3,750,753	13,047,717	11,538,360	1,509,357	Major variances are in Serenity House respite center (in progress) and contribution to Seton seismic retrofit project (in progress)	11,869,166
Older Adults & Veterans	6	3,348,337	2,814,243	534,094	3,133,922	2,742,400	391,522		3,165,725
Total Spending (Current+Carryovers)		\$ 170,498,739	\$ 58,199,715	\$ 112,299,024	\$ 184,468,902	\$ 88,416,871	\$ 96,052,031	PLAN FOR UNSPENT BALANCES: Of the \$112.3 million variance, 92% or \$103 million are for projects in progress to be carried over to next fiscal year; and 8% or \$9.3 million are available.	\$ 194,615,692
Surplus / Deficit		\$ 46,239,222	\$ 159,572,134	\$ 113,332,912	\$ 60,629,380	\$ 160,759,487	\$ 91,973,955		\$ 57,505,615

FY 2017-18 RECOMMENDATIONS
MEASURE K PERFORMANCE MEASURES AD HOC COMMITTEE
Meetings January 9 and 16, 2019

(Members: Daniel Quigg, Michael Kovalich, Michael Salazar)

The following are the recommendations made by the Performance Measures Ad Hoc Committee:

- 1) Measure K Performance Reporting – the current presentation of the performance data is very large and cumbersome spreadsheets that makes it difficult to understand how Measure K is performing
 - a. Create a separate spreadsheet for the District-Discretionary initiatives
- 2) Board District-Discretionary Initiatives – many times these are one-time projects, such as repairs to community-based organizations, where actual performance is not reported
 - a. No longer require District -Discretionary initiatives to have performance measures attached to them
- 3) Calculations of Measures Meeting Target – the data is skewed due to those initiatives still in progress being coded as “Target not Met”
 - a. Only report the actual performance on initiatives that are completed (for those not in a program area).
 - b. Take the District-Discretionary initiatives out of the overall calculation of the percent of performance targets met.
 - c. Remove the term “In Progress” and “Target Not Met” for those initiatives that are ongoing or still in progress
- 4) Measure K Web-Site – the web-site currently focusses mostly on performance
 - a. Add a financial section to the web-site, including links to the annual financial audits and the stacking charts on the budgeted and expenditure amounts
